## Missionaries to the U.S. Military

March – April 2016

Dear Brothers and Sisters in Christ,

Well, it's been another busy and blessed two months. God has worked miracles, blessed and taught many lessons. I truly wish every Christian could go on deputation for a few months just to see God's hand at work in so many places across our country. Individually, we sometimes feel like we are the only ones standing true to God's Word but, as we travel, we get to see so many holding strong and doing great things in so many places.

March started with a quick turnaround from my February trip into South Carolina. I got a day's rest and then we all headed to Florida for a week long mission conference. It was a special time with friends, great preaching and some thought provoking Bible teaching. I was even able to present our burden on the radio.

After Florida, with Alana still recovering somewhat from Mono and Michael unhappy about riding long distances in the car, I caught a flight to Oregon alone. God filled my three weeks in Oregon with church meetings and fellowship opportunities with many additional Pastors. During their Mission's Conference, Willamette Valley Baptist Church in Aumsville took up an almost \$3000 special needs offering to help us with some of Alana's medical bills. It was a humbling but truly special blessing to watch children, Sunday school classes and others give what they could to help us get out from under this burden.

Over the past two months, two churches we have never presented at voted to partner with us. One I talked with but never visited and the other requested our information through our mission board. We also picked up two additional supporting churches. We are now at 42% support and June will mark two years of full time deputation. Our prayer is that God would allow us to finish up and be headed to Germany on our three year anniversary. To that end, we will be listing our home for sale in June and looking for something more temporary. Please pray for God's hand in this situation.

Finally, please pray for the churches of America. In two years of deputation, we have lost three supporting churches and two others have reduced their support; only one has increased it. Satan is strongly attacking the only thing that can truly help America. However, God is still working and moving. At a Mission's Conference in Tennessee, we saw the Pastor's son and daughter-in-law surrender to "Whatever God would have them do" and a young lady in our home church will be attending our mission board's missionary training institute, Camp BIMi, this summer. Laborers are still being called in our churches because there is still much work to be done.

Thank you and God Bless.
