

Patrick & Sheila Wolfe

Missionaries to the U.S. Military

May 11, 2015

Dear friends and prayer partners,

It has been an exciting and busy two months. Thank you for your faithful prayers which make all this possible.

We were in seven different mission conferences and six additional churches spread out over five states. We traveled over 7000 miles without breakdown or incident and had three churches vote to take us on for financial support. Several others churches have expressed a strong desire to support us financially in the future if God allows. One of the greatest blessings however, was that Alana found out she wasn't going to be an only child anymore. God has answered our prayers; Sheila is pregnant and due December 1, 2015.

Telling people about Christ's love and showing them from the Bible how to have a home in Heaven is amazing no matter where God leads us but we must never let it end there. Our adversary doesn't care how or where he trips us up as long as he stops the work. Please pray for Pastor Davis and his family as they continue in a struggling work that includes opposition from within the church. Also, pray for a young man I met in Kansas. He served in the military for four years including two years in combat as a sniper. He is a faithful member of a local church but because of his military service, he has trouble seeing God's forgiveness and finding his place of service. Finally, pray for a divorced military couple in Missouri. She told me after we presented how her husband's PTSD guilt and anger when he came home destroyed their marriage. Even with a home eternally secured for us in Heaven, satan's lies continue to destroy lives and hobble the work. God gives the increase but it's our job to continue to water and tend the garden wherever the seeds are planted; home and abroad.

God gave us an amazing opportunity to see the history of the work He has called us to. After presenting at a mission conference in Kansas, the speaker, Dr. Don Jackson, came up and told us an amazing story. He was pastor at one of the first supporting churches for the missionaries who came over and started the church in Germany that Sheila and I were members of when we were stationed there. He was blessed to still be reaping fruit from an investment made so long ago.

I would ask that you pray for Sheila's pregnancy, meetings and increased financial support. We are at 20% support but the summer months are upon us and things are starting to slow down. I know God will take care of the medical costs of this pregnancy the same way He's taken care of the increased maintenance costs on our car. Through His goodness and the prayers of those He has placed in our lives. Thank you and God Bless.
