Missionaries to the U.S. Military

May - June 2016

Dear Friends and Partners,

We thank you for your prayers and thoughts as we get closer to 50% of our needed support. We continue to work in the ministry that is deputation and share Christ with those He brings our way, but the road is getting shorter and we look towards the day when we are with the US military and their families in Germany. The current political climate in America as well as events throughout the rest of the world clearly show how close we are to Christ's return but watching revival break out in so many places is especially encouraging.

May was very different for us. After hours on the phone, many conversations with Pastors, numerous emails and mailed out packets, I had only two scheduled meetings for May. It was great to be in our home church and spend time with friends there but after so much time away, it also felt a bit odd. However, it also gave us the time to get a lot of work done on and around our home and then get it listed for sale. We aren't certain if God is moving us into an apartment, a mission house or an RV but we are confident that this is the next step of our journey. Please pray that our house will sell quickly and that there are no complications with the sale.

June was a very busy month for Alana. Being in our home church for an entire month opened the door for her to be part of some amazing opportunities. As we started our month long trip to Florida, she was able to take part in the Deep South Youth Conference in Gulfport, MS. Shortly after that, she left for Colorado with our home church's mission team to help a church plant on the Navajo reservation. Finally, God opened the door for her to travel with our Bible College representatives to a church camp in Kentucky to represent our church and college. She's been very busy with all the blessings and opportunities God has showered upon her.

When we weren't driving Alana back and forth to our home church for all these opportunities, we were busy sharing our burden in Florida. We were able to present at 11 different churches in Florida during just the month of June. Unfortunately, all that driving and the warm weather caused our car's transmission to overheat three times during the month. The Dodge dealership has told us it's a design issue and will only get worse as time goes on. Because of safety issues, we are aggressively looking for a replacement but we are also praying for God's help and guidance. Please pray we don't get ahead of Him or make a wrong decision.

Finally, please keep all law enforcement and their families in your prayers. We live in dangerous and difficult times and they need all the help and support we can give them. Let them know you're praying for them.

Thank you and God Bless.
